In March 2018, Qiology has invited Miyawaki Kazuto Sensei and Yukari Miyawaki Sensei to Brisbane for their first teaching visit to Australia to deliver two unique Japanese Acupuncture seminars:

**Japanese Meridian Therapy (Keiraku Chiryo) Foundations**
Brisbane: Friday 23rd March 2018

&

**Advanced Clinical Applications of the 8 Extraordinary Vessels + the “Super 4”**
Brisbane: Saturday 24th – Sunday 25th March 2018

This is a rare opportunity to learn directly from a senior Japanese Acupuncture Master with 45 + years experience, who is highly respected in the Japanese Acupuncture community not only for the ingenious approach he developed to treat the 8 Extraordinary Vessels, but for the significant texts he has authored on this topic in Japan.

Due to his blindness, Miyawaki Sensei has been gifted with heightened and highly refined tactile senses, and has used this unique ability combined with his vast amount of clinical experience to map specific Hara patterns that occur in patients that are connected to disharmonies of the 8 Extraordinary Vessels, thus indicating exactly when to use specific Master-Couple pairings for instant and outstanding clinical results in both simple & complex/rare conditions. In addition to the 8 Extraordinary Vessels and Master-Couple Points, Miyawaki Sensei also teaches what is affectionately known as the “Super 4” - a supplemental set of Points and Vessel Pairings that are not known to many acupuncturists, but have similarities in function and applications to the 8 Extraordinary Vessels, with their own peculiarities, that can be used in clinic for great results, and particularly in cases of psychosomatic and iatrogenic disorders. The unique application of the above methods always follows traditional Japanese Meridian Therapy Root treatment, which is a foundation of this treatment methodology.

This seminar series is highly recommended to all acupuncturists. Regardless of which style(s) of acupuncture you practice, you will benefit by integrating these acupuncture techniques into your practice.

"Master Miyawaki is a wonderful teacher and practitioner, who I have been honoured to be able to study under. His treatments are easy to learn and apply, with extremely powerful results. Years of clinical experience and observation have allowed Master Miyawaki to pass onto his students methods that have proven themselves to work; he is truly one of the best living practitioners of our time."

- Master Acupuncturist Kiiko Matsumoto
Miyawaki Sensei’s complete treatment system follows a simple but powerful two-step methodology to achieve rapid and effective clinical results that are easy to learn and apply in clinic:

1. **Root Treatment**-based on Japanese Meridian Therapy (Keiraku Chiryo) Diagnostics and Treatment Principles

2. **Branch Treatment**- based on Miyawaki Sensei’s Unique Applications of the 8 Extraordinary Vessels or “Super 4” Diagnostics and Treatment Principles

This complete system of treatment will be taught in two seminars over 3 days. Details follow.

- Practitioners and students who are wishing to study with a significant Master teacher of Japanese acupuncture.
- Those advanced practitioners of Japanese Meridian Therapy wishing to advance their skills further.

Attendance Recommendations:

Some practitioners and students have undergone previous studies in Japanese Meridian Therapy with different teachers to date, and some have not. It is for this reason that we have created a 2-seminar program over 3-days that focuses on the specific methods of Japanese Meridian Therapy Root Treatment and 8 Extraordinary Vessel Branch Treatment in order to teach a complete treatment system, without the need for those with previous studies needing to repeat the foundations if they do not wish to.

Please see our attendance recommendations below for those with differing needs, so that you may customize your attendance depending on your preferences:

Those with previous studies in Japanese Meridian Therapy:
You may wish to only attend the Advanced Clinical Applications of the 8 Extraordinary Vessels + the “Super 4.” You may also wish to attend Japanese Meridian Therapy (Keiraku Chiryo) Foundations if you wish to build upon and solidify your Japanese Meridian Therapy basics.

Those without previous studies in Japanese Meridian Therapy but who wish to learn this system of 8 Extraordinary Vessels treatment are strongly recommended to attend both Japanese Meridian Therapy (Keiraku Chiryo) Foundations & Advanced Clinical Applications of the 8 Extraordinary Vessels + the “Super 4.” We do not recommend attending Advanced Clinical Applications of the 8 Extraordinary Vessels + the “Super 4” by itself. Please register for both seminars in this case.

Those wishing to only attend Japanese Meridian Therapy (Keiraku Chiryo) Foundations as a stand-alone seminar are welcomed to do so. This is suitable for those who wish to learn or revise the Foundations of Meridian Therapy only. This is recommended for 3rd & 4th year students of acupuncture, or for those that are wishing to learn or revise effective Japanese Meridian Therapy constitutional treatment methods with a Master teacher at an affordable price, but do not wish to study further unique material on the 8 Extraordinary Vessels.
